

Nomads Golf Club (NZ) Incorporated

The ethos of Nomads was summed up in the words of inaugural National Chairman, Mike Florence when Nomads was first set up in 1960 in South Africa.

"There is room in this game for some kind of association or club for business and professional people to form together in a closely planned and integrated program of golf, with all games inter-related and offering a continuous thread of interest, and out of this activity could arise tangible benefit to the game of golf itself and to those less fortunate than ourselves."

Nomads NZ raises money for a charity each year and all members must support this fund raising.
